

Antony Amal Rekshin A

Java FullStack Developer Fresher

6383792232 | antonyamalrekshin@gmail.com | [GitHub](#) | [LinkedIn](#)

PROFILE SUMMARY

Motivated **Java Full-Stack Developer (Beginner)** with a strong foundation in both **frontend and backend development**. Skilled in building responsive user interfaces using modern frontend technologies and exploring backend development with **Java and REST APIs**. Passionate about writing clean, maintainable code, learning new technologies, and developing efficient applications that deliver real value.

TECHNICAL SKILLS

Programming Languages : Java, SQL, JavaScript, HTML5, CSS3

Frontend : React.js, Tailwind CSS, Responsive Design, DOM Manipulation, Basic Axios Usage

Backend Frameworks : Core Java, JDBC, REST API Basics, Exception Handling, Collections Framework Basic

Database : MySQL, MySQL Workbench, SQL Queries, Joins

DevOps Tools : Git, GitHub, IntelliJ IDEA, VS Code, Postman

Concepts : OOP, Modular Programming, Debugging, Agile Basics, Clean Code Practices

INTERNSHIP EXPERIENCE

Besant Technologies Chennai, Tamil Nadu
Java Full Stack Development Intern Jan 2026 – Present

- Developed backend modules using **Core Java** and integrated database operations through **JDBC**.
- Worked with **MySQL** and built responsive interfaces using **HTML, CSS, JavaScript, and React JS**.
- Implemented **CRUD operations**, optimized SQL queries, and assisted in API testing using **Postman**.

Blumensoft Pvt Ltd Tirunelveli / Thoothukudi
React.js Developer & UI/UX Intern Jun 2025 – Dec 2025

- Designed and developed interactive user interfaces using **React.js**, ensuring smooth navigation and responsive layouts.
- Created modern UI layouts and reusable components by applying **UI/UX best practices** and wireframing principles.
- Collaborated with designers and backend developers to convert Figma mockups into functional React components.

PROJECTS

FixMate — Full-Stack Home Services Platform [GitHub](#)
React.js · Vite · Spring Boot · REST APIs

- Developed the complete frontend interface using **React.js** and **Vite**, ensuring fast rendering and smooth user interactions.
- Integrated RESTful APIs from a **Spring Boot backend** to enable real-time job listing, booking, and status updates.
- Enhanced user experience by optimizing component rendering, improving responsiveness, and building interactive UI workflows.
- Implemented clean, modular code structure for scalability and easier feature expansion.

Student Management System — Java + MySQL [GitHub](#)
Java · JDBC · MySQL

- Developed a CRUD-based student management system with **Add, Delete, Update, Search, and View All** functionalities.
- Integrated Java with MySQL using **JDBC** for database connectivity, query execution, and record management.
- Designed a clean and normalized database schema to optimize data storage and retrieval.
- Applied **OOP concepts** and **Collections Framework** for efficient in-memory data processing.

EDUCATION

St. Mother Theresa Engineering College Tuticorin, Tamil Nadu
Bachelor of Engineering in Computer Science Engineering 2022 – Present | CGPA: 8.05
